Important information

Grow Wrap Super and Pension Service (Grow Wrap) is offered by the Retirement Portfolio Service (ABN 61 808 189 263, RSE R1000986, SFN 4571 15975) (the Fund), a regulated superannuation fund. When you invest in Grow Wrap Super Service or Pension Service, you become a member of the Fund.

Trustee

OnePath Custodians Pty Limited (ABN 12 008 508 496, AFSL 238346, RSE L0000673) (the Trustee) is the Trustee of the Fund and the issuer of this Annual Report. The issuer is a wholly owned subsidiary of Australia and New Zealand Banking Group Limited (ABN 11 005 357 522) (ANZ). Except as described in the relevant Product Disclosure Statement (PDS), an investment with the issuer is not a deposit or other liability of ANZ or its related group companies and none of them stands behind or guarantees the issuer or the capital or performance of your investment. The Trustee has indemnity insurance cover in respect to its trusteeship of the Fund. Your investment is subject to investment risk, including possible repayment delays and loss of income and principal invested.

This information is current as at 30 June 2019, but may be subject to change. Updated information will be available free of charge by contacting Customer Services on 1800 094 423.

Trust Deed

The Fund is governed by a Trust Deed, a copy of which is available upon request by contacting Customer Services on 1800 094 423.

Administrator

Macquarie Investment Management Limited (ABN 66 002 867 003, AFSL 237492) is the administrator of the Service and administers Grow Wrap on behalf of the Trustee.

Auditor

KPMG is the auditor of the Fund and is responsible for the annual audit of the Retirement Portfolio Service, including reviewing whether certain requirements of the superannuation laws are met.

The information and assumptions in this Annual Report are provided in good faith for you and your financial adviser and are current as at 30 June 2019, unless otherwise stated. Please note that this Annual Report is not intended to provide legal, investment or taxation advice (for which you should consult the appropriate professional adviser), and has been prepared without taking into account your objectives, financial situation and needs. Before making a decision based on this material, you should consider the appropriateness of the information, having regard to your objectives, financial situation and needs. Before acquiring or continuing to hold Grow Wrap you should consider the relevant PDS to determine whether Grow Wrap is appropriate for you. The PDS is available at wrapinvest.com.au

Unless otherwise stated, the value of your investments will fluctuate as the values of underlying assets rise or fall.

In this Annual Report, the terms 'we', 'us' and 'our' refers to OnePath Custodians Pty Limited. The term 'Grow Wrap' refers to Grow Wrap Super Service and/or Pension Service (as applicable).

Investing your money

Trustee's investment objective and strategy

The Trustee's objective is to offer members a diverse and broad range of managed funds, term deposits and ASX listed securities so that a member may be able to, with the assistance of their financial adviser, develop investment strategies for their particular investment goal, risk profile and life stage. The Trustee's investment strategy has regard to:

• Diversification

The Trustee considers the level and adequacy of diversification of the investments covered by the strategy in order to meet the needs of members across the full risk profile spectrum. To ensure a high level of diversification and minimise risks from

inadequate diversification, the Trustee makes available a broad range of investments across investment types (direct securities, managed funds and SMA's), asset classes (traditional and alternative), investment managers and investment styles.

• Liquidity

The Trustee considers the liquidity of the underlying assets when assessing the investment as part of its selection criteria and reviews liquidity stress testing of the options as performed by the managers. The Trustee maintains a set minimum of the Fund's assets in cash at all times. This recognises the Trustee's requirements to pay expenses, tax and benefits when they become due and accounting for circumstances beyond its control.

• Valuation

The Trustee takes into consideration the reliability of valuation information to ensure members receive accurate unit pricing and returns on their investments. Managed fund unit prices are determined in accordance with each fund's constitution and are usually calculated each business day by the fund manager and/or their appointed administrator.

Where the investment option has exposure to certain types of assets for which daily prices are unavailable (e.g. alternatives, private equity or direct/unlisted property and infrastructure), these assets may be valued less frequently.

• Product Complexity

The Trustee considers the complexity of products and their suitability to members when assessing investments as part of its selection criteria.

• Use of Derivatives

The Trustee considers the potential risk exposure associated with derivatives when assessing investment options and reviews manager Derivative Risk Statements to ensure appropriate use of derivatives.

• Cost and Taxes

The Trustee reviews the investment costs which may be incurred in relation to the investment option. This includes the size and reasonableness of the overall costs in absolute terms and relative to other investment options on the menu and available in the Australian market, the impact on investment option net performance and on achieving stated investment

objectives and the alignment of the investment option fee structure with investment objectives and meeting investors' longer term interests.

The Trustee considers the potential impact of taxes on the performance of the investment as part of its selection criteria.

The Trustee takes into consideration existing and prospective investment liabilities when assessing investment options and its ability to discharge any liabilities and any potential large redemptions. Note that the Fund is not a defined benefit fund, nor is it capital guaranteed.

The Trustee places significant importance on the assessment of investments prior to making them available to investors.

The Trustee takes into account the requirements of the *Superannuation Industry (Supervision) Act 1993 (SIS)*, *APRA Prudential Standards*, *APRA Guidelines*, *Corporations Act 2001* and general Trust law for any new managed investments proposed.

The Trustee's key selection criteria and considerations in assessing managed fund investments prior to making them available to investors include:

- the fund must be a registered scheme with ASIC;
- the fund must be open to investment for new and existing clients;
- the fund must be managed by a leading investment manager in the appointed asset class and must form part of a strong organisational structure;

- the investment team responsible for managing the fund must be well resourced, experienced and stable;
- the investment manager must have a clear investment philosophy and process for the management of the fund;
- consideration of the fund's valuation policy for the underlying assets;
- there must be clearly identifiable risk factors and sources of return and minimal level of complexity associated with the fund;
- the fund must have strong independent research house ratings;
- the fund must have competitive long term investment performance. Where no long term performance is available, short term performance will be considered along with the portfolio management team's previous track record;
- the fund's liquidity and the liquidity of the underlying investments. Liquidity and stress testing analysis of the fund must have been completed by the investment manager. The analysis should be in line with expectations given the fund strategy and asset allocation.

You can select approved Australian Securities Exchange (ASX) listed securities, term deposits, separately managed accounts (SMA's), or choose from a menu of approximately 200 managed funds. Specific information (including objectives and strategies) for each individual managed fund can be obtained from the relevant PDS. The underlying PDS for each investment is available from your financial adviser.

Selecting investment funds

When selecting investment funds, you need to consider how long you wish to invest your money and the level of risk you are prepared to accept. In general, investments with the potential to earn higher returns (for example, shares) carry higher risk. Not only may the rate of return go up and down, but the value of your investment (the capital value) can also rise and fall. For investments that generally earn lower returns (for example, cash), the capital value is less likely to fluctuate.

You may change/switch all or part of your existing account balance between investment funds. Please note that transaction cost factors may apply upon switching.

Diversification

Grow Wrap allows you to diversify your investments by providing access to a wide range of managed funds, term deposits and listed securities.

Diversification is achieved by holding more than one type of investment. Investors are able to achieve diversification using one, or a combination, of the following:

- **holding different assets**
 - such as shares in different companies
- **investing in different asset classes**
 - such as shares, property and fixed interest
- **investing with several fund managers**
 - all with different investment styles.

Depending on how you diversify, underperformance in one area may be offset by positive performance in another.

Detailed information about the current managed funds offered through the Fund is available through your financial adviser.

Investment earnings

Units and shares are allocated to you proportionally according to the size of your investment in the underlying fund or listed security. At any time, your investment is equal to the number of units and/or shares you have been allocated, multiplied by the prevailing unit price of the relevant underlying fund or relevant share price. The net investment earnings of managed funds (after deduction of management fees and taxes) are reflected by changes in the unit price, plus distributions, interest and dividends credited to your account. Distributions, interest payments and dividends from the underlying holdings can either be allocated to your Cash Hub where they accrue interest, or you can use them for reinvestment.

Derivatives

The Trustee did not directly invest in derivative investments for the year ending 30 June 2019. Where the fund does have a holding of derivatives, this may be a result of indirect investments gained through participating in a corporate action.

Managed funds may use derivatives such as futures, options and forward rate agreements. Where derivatives are used depends on the investment strategies of the individual managed investments. Copies of the product disclosure statement for the individual managed investments are available from the Grow Wrap website wrapinvest.com.au

Except where specially approved by the investment guidelines for that particular managed fund, derivatives will not be used to gear a managed fund's assets, or for speculative purposes.

Reserves

Tax reserve

Currently, the Fund maintains a Tax reserve which represents the difference between the member level and Fund level tax liability which has not been allocated to members.

Monies held by the Fund as a reserve are invested by the Trustee in an interest bearing bank account.

Operational Risk Financial Requirement Reserve

Under APRA Prudential Standard SPS 114: Operational Risk Financial Requirement, an Operational Risk Financial Requirement (ORFR) target amount is required to be held.

The financial resources held to meet the ORFR target amount can be held either as:

- an operational risk reserve within the Fund;
- operational risk trustee capital held by the RSE licensee; or
- a combination of both.

Unallocated benefits reserve

The Fund holds an Unallocated benefits reserve, which has been generated by tax deductions on specific insurance premiums which are paid for and claimed by RPS, which do not relate to specific members.

Defined benefits that are over/(under) funded

Defined benefit member liabilities have been calculated in accordance with AASB 1056 – Superannuation Entities, which is, the amount of a portfolio of investments that would be needed, as at reporting date, to yield future net cash inflows to meet accrued benefits due.

Statement of changes in reserves for the year ended 30 June 2019:

| | Unallocated surplus | | Tax reserve | | Operational Risk Financial Requirement reserve | | Unallocated benefits reserve | | Defined benefits that are over/(under) funded | | Total reserves | |

Asset allocation

The asset allocation information in the table below shows how the Fund, as a whole, and not for Grow Wrap Super and Pension Service as an individual product in the Fund, is invested across the different asset classes.

When you invest into the Fund you can invest in a number of different term deposits, managed funds and approved ASX listed securities. Term deposits are classified as cash and ASX listed securities are classified as Australian shares. Where a managed fund invests across a number of asset classes, we will treat the asset allocation based on a 'look through basis' using the managed fund's individual asset allocations.

| Asset class | 30 June 2019 | 30 June 2018 |
|------------------------------|--------------|--------------|
| Cash | 13.5% | 15.0% |
| Australian Fixed Interest | 9.4% | 9.5% |
| International Fixed Interest | 10.7% | 9.3% |
| Property | 3.0% | 3.0% |
| Australian Equity | 40.2% | 41.5% |
| International Equity | 21.5% | 19.6% |
| Other | 1.7% | 2.1% |
| Total | 100% | 100% |

The information in the preceding table has been obtained from fund managers either directly or from a third party and was current at the time this document was prepared. Whilst the external sources of this information are considered reliable, the Trustee and any ANZ company cannot guarantee either the accuracy or completeness of the information and do not accept any responsibility for any inaccuracies, errors or omissions.

Investment options that exceeded five percent of the total assets of the Fund

There are two investment options that exceed five percent of the total assets of the Fund, Vanguard Growth Index Fund and Vanguard Balanced Index Fund.

Managed fund information

The most up to date asset allocation for each of the managed funds is available from your financial adviser.

The asset allocation for each fund that you are invested in is included in the 'Detailed Superannuation Asset Allocation' report that can be accessed in the reporting section of the Online Portal.

For asset allocation information on other funds that you are not invested in, please refer to your financial adviser.

Other information

Protecting your super measures introduced from 1 July 2019

The Federal Government's Protecting Your Super package came into effect on 1 July 2019. The new package is designed to protect super account balances from unnecessary erosion by fees and insurance costs.

Changes affecting insurance cover

If your super account is classified as inactive, that is an amount is not received in your account for a continuous 16 month period, your insurance cover in your super account will be cancelled (unless an employer-sponsored exemption applies).

If this is the case, you will be notified in writing that your cover is at risk of being cancelled. You must opt-in if you want to retain your insurance cover, even if you are not contributing to your account.

Before making a decision about your insurance cover, we encourage you to speak to your financial adviser to determine if your insurance cover is still appropriate for you.

Note, cancellations as a result of these regulatory changes will occur on or after 1 July, so your annual statement will still show an insured benefit as at 30 June even if your insurance cover is subsequently cancelled after that date.

Changes to fees and costs

Super accounts with small balances (less than \$6,000) will now have their administration, investment fees and indirect costs capped at no more than 3% of the account balance per annum. This means that if your account balance is less

than \$6,000 at the end of the financial year, and the total investment, administration fees and indirect costs charged to your account exceeds 3% of that balance, then the excess above 3% will be refunded within 3 months of the end of the financial year. This also applies to accounts of less than \$6,000 that are closed during the year.

Transfer of inactive low-balance accounts to the Australian Taxation Office

If your account was or becomes inactive for 16 months and the balance is less than \$6,000, we are required to transfer your account to the Australian Taxation Office (ATO).

The ATO will then try to transfer the money into an active super account, if you have one.

There are a few ways that you can prevent your account from becoming an inactive low-balance account, including:

- make a contribution or have your employer contribute to your account,
- change your insurance,
- nominate a valid beneficiary, or
- combine your super accounts so your balance is \$6,000 or more.

Eligible Rollover Fund (ERF)

This section does not apply to Grow Wrap Pension Service

An ERF is a low risk, low return investment fund which does not offer insurance cover.

Your superannuation benefits may be transferred to an ERF if your account balance is less than \$1,500 and:

- we have not received a contribution from you (or received on your behalf) for two consecutive years; and
- where one item of correspondence is returned to us as unclaimed mail from your last known address.

Before transferring your superannuation benefits to an ERF, the Trustee will attempt to communicate this to you and provide you with an option to nominate another superannuation fund.

The ERF chosen for the Fund is:

Australian Eligible Rollover Fund (AERF) C/- Jacques Martin Administration & Consulting Pty Limited

Locked Bag 5429
Parramatta NSW 2124
Phone 1800 677 424

We will notify you if the nominated ERF changes in the future.

For detailed information about the AERF, please contact the AERF directly. The trustee of the AERF is Perpetual Superannuation Limited, ABN 84 008 416 831, RSE L0003315.

If your benefits are transferred to the AERF, you will cease to be a member of Grow Wrap Super Service and become a member of the AERF.

Investment returns

You should refer to your Annual Statement for the year ended 30 June 2019 for details of investment performance relating to your chosen investments.

Alternatively, information on the performance of accessible listed securities and term deposits are available through the Online Portal. Information on the performance of managed funds is available from your financial adviser.

Change of personal details

It is important that we always have your current details on record so that we can keep you informed about your investment and pay any benefits directly to you.

Please refer to your Annual Statement and let us know if anything has changed or has not been reported accurately e.g. address details – both postal and residential, beneficiaries, insurance benefits, Tax File Number, etc.

To update your details, please contact Customer Services.

Unclaimed money superannuation members

The Trustee is required to transfer your benefits to the ATO as unclaimed money if all of these circumstances apply:

- you are aged 65 or over
- the Trustee has not received a contribution or rollover for you for two years
- after making reasonable efforts, the Trustee is unable to contact you again, after five years since last contacting you.

Lost member reporting and payments

It is important that you stay in touch with us and keep your account active, so you do not become 'lost'.

You may be classified as a 'lost member' if:

- we have made one or more attempts to send written communications to you at your last known address and we believe on reasonable grounds that you can no longer be contacted at any address known to the fund; and
- you have not contacted us (by written communication or otherwise) within the last 12 months of your membership of the Fund; and
- you have not accessed details about your account online within the last 12 months of your membership of the Fund; and
- we have not received a contribution or rollover from you, or on your behalf, in the last 12 months of your membership of the Fund.

We are required to report a 'lost member's' account' to the Australian Taxation Office (ATO).

Additionally, we are required to transfer a lost member's account to the ATO if:

- the account balance is less than \$6,000; or
- we are satisfied that it will never be possible, having regard to the information reasonable available to us, to pay an amount to the member.

If your account does become 'lost' and paid to the ATO you will lose any insurance associated with the account, and will need to contact the ATO about payment options.

Temporary residents (holding a temporary visa under the Migration Act 1958 other than a retirement visa Subclass 405 or 410)

If you are a temporary resident (as defined above) or former temporary resident and you are not an Australian or New Zealand citizen or permanent resident, you are only able to access preserved benefits on meeting one of the following conditions of release:

- eligibility for a Departing Australia Superannuation Payment (DASP)
- permanent incapacity*
- terminal medical condition[†]
- death.

If you are a temporary resident and you permanently depart Australia and no longer hold a visa, we are obliged to transfer your unclaimed super to the ATO after six months of your departure or cessation of your visa (as notified by the ATO).

* 'Permanent incapacity' means the Trustee must be reasonably satisfied that you are unlikely, because of ill health (whether physical or mental) to engage in gainful employment for which you are reasonably qualified by education, training or experience.

† 'Terminal medical condition' means that all the following circumstances exist:

- a. two registered medical practitioners have certified, jointly or separately, that the person suffers from an illness, or has incurred an injury, that is likely to result in the death of the person within a certification period that ends not more than 24 months after the date of the certification
- b. at least one of the registered medical practitioners is a specialist practicing in an area related to the illness or injury suffered by the person
- c. for each of the certificates, the certification period has not ended.

Irrespective of whether you later return to Australia or remain overseas, you can apply to the ATO for release of your super. Transferred super benefits can be claimed via the ATO's website at ato.gov.au

On transfer of your super benefit to the ATO, you will cease to be a member of the Fund. In this case, the Trustee relies on ASIC Relief to the effect that it is not obliged to give you an Exit Statement or any other exit disclosure. If you become an Australian or New Zealand citizen or permanent resident, the obligation to transfer your super benefit to the ATO does not apply and you can continue to be a member of the Fund.

Closing or blocking access to your account

Unless prohibited under Australian law, we may close your account if we think that you haven't used it appropriately or for any other reason we, acting reasonably, consider appropriate. We will not give you prior notice before closing your account if we consider that immediate closure is necessary to protect us or you from suffering financial loss (for example, as a result of suspected fraudulent activity on the account).

Proceeds of crime

Generally, your superannuation benefits may not be cashed or rolled over, where the Trustee must comply with a forfeiture order which allows the proceeds of crime to be recovered from your super.
